

Wall light Nova Luce Valentin 9W 668lm IP20 3000K warm white

Product code 22874

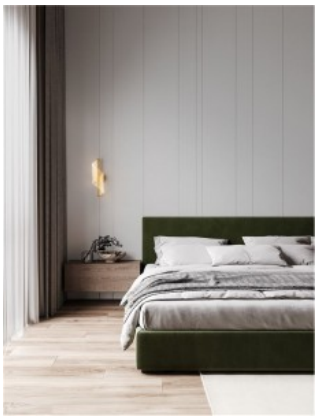

The Valentin wall light showcases a sophisticated brass gold finish crafted from aluminium and acrylic, delivering a warm white LED illumination ideal for indoor environments. This surface-mounted fixture combines elegant design with practical functionality, featuring a fixed installation and integrated LED light source. With a compact size and a luminous flux of 668 lumens, it provides ambient lighting suitable for decorative applications. The light is non-dimmable and designed for environments with a maximum ambient temperature of 45 °C. Its high color rendering index ensures natural color tones, enhancing the atmosphere of any indoor space.
