

KARIZMA luce

Recessed light Karizma Luce Bordo white 12,5W 1350lm 38° IP43 930

Product code 22892

Karizma Luce Bordo is a fixed recessed downlight that draws attention by design. Its thick, sculpted trim extends beyond the ceiling line, creating a bold visual statement in any interior. With an 86mm cut-out and a deep-set reflector, it offers both performance and presence. Perfect for hotel rooms, restaurants, cafés, bars, and other hospitality or residential spaces where the luminaire should stand out, not disappear.

The luminaire comes in black or white and is available with beam angles of 38°, 45°, and 60°. It delivers up to 1450lm and is offered in single CCT or dim-to-warm, depending on the atmosphere you want to create. The deep reflector softens the light footprint and guarantees comfortable illumination. Bordo works with on/off, phase-cut, DALI, or Casambi drivers. A recessed downlight with bold edges and refined light—made to be noticed.

Correlated colour temperature	warm white 3000K
