

Recessed light Trio Lighting Virunga nickel round 6W 900lm CRI80 IP44 Dip Switch 2300K, 3000K, 4000K 3CCT

Product code 23123

The VIRUNGA ceiling light is a real all-rounder for your rooms. It combines functional lighting technology with an understated design - perfect for environments where concentrated, pleasant light is required. It integrates discreetly into any ceiling and creates uniform, glare-free illumination. Thanks to its IP44 protection rating, it is also protected against splashing water from all directions and is therefore also suitable for use in damp rooms such as bathrooms or covered outdoor areas. The luminaire can be dimmed externally so that the light intensity can be flexibly adjusted to the respective usage situation - whether for focussed work or a relaxed atmosphere. The light colour can be individually configured using the DIP switch. VIRUNGA is made of high-quality plastic in matt nickel and a white housing - an elegant look that blends discreetly into various interior designs. The material is easy to clean and robust at the same time - ideal for long-term use in high-traffic areas. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Correlated colour temperature	3CCT 2300K, 3000K, 4000K
Luminous flux	900lumens
Brand	Trio Lighting
Dimmable	Dip Switch
Output	6W
CRI	80
Protection class	IP44
Height	85.0mm
Diameter	11.0mm
Installation opening diameter	95mm
Casing colour	nickel
Casing material	metal
Shape	round
Work environment	indoor use
