Product code 23239

The Legendary Amulet Series - Winner of 14 International Awards. The Amulet series draws its inspiration from prehistoric African adornments -necklaces and bracelets created from shells and other natural materials discovered in South Africa during archaeological excavations. These artifacts are believed to be the first jewelry ever created by humankind. Their owners attributed mystical properties to them, which is why this lighting collection was named Amulet. The series features captivating compositions of numerous “beads” made from cast, high-quality glass, each adorned with a textured, repeating pattern that creates a dynamic interplay of light and reflections. The LED light source runs through these beads like a string, enhancing their luminous charm.
