

# Pendant lamp Trio Lighting Emerson black / matte gold 22W 2500lm IP20 DIMMABLE 2700K-5000K

Product code 23538

The EMERSON pendant light combines linear design with minimalist elegance and blends harmoniously into modern living concepts. With its clear design, it is ideal for stylishly illuminating dining tables or kitchen counters. Particularly practical: EMERSON offers three different brightness levels using the touch function so that it can be adjusted to the desired lighting atmosphere at any time. The light colour is also infinitely adjustable - for a warm, inviting ambience or neutral light for concentrated work. Thanks to the variably adjustable height, the luminaire can be flexibly adapted to the spatial conditions and individual requirements. The elegant combination of gold colour and matt black underlines the modern aesthetics and makes the light a stylish highlight in any room. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

| | |
