Product code 23661

Sleek, modern and full of sophistication: The LAGUNA pendant light combines timeless aesthetics with sophisticated functionality. Five filigree metal shades direct the light downwards and perfectly emphasise dining tables or counters. Thanks to the innovative Lift Me function, the height of the shades can be individually adjusted to create the desired ambience. In addition, a DIP SWITCH directly on the luminaire allows you to choose between three light colours. Made of elegant, matt black metal, LAGUNA combines state-of-the-art technology with stylish restraint. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
