

Floor lamp Trio Lighting Keaton light gray 21W 2400lm CRI80 IP20 switch dimmer 2300K, 3000K, 4000K 3CCT

Product code 23685

Modern, purist and yet wonderfully unobtrusive: the KEATON floor lamp impresses with a sophisticated design that is reminiscent of softly glowing discs that stylishly overlap. Its minimalist look is further emphasised by the soft colour tones - a real style statement next to the sofa or in the sleeping area. KEATON has a lot to offer in terms of technology: It has an integrated dimmer with sensor dimmer function that allows the brightness to be continuously adjusted. The luminaire can be conveniently operated via ON/OFF touch control, while the adjustable light colour from warm white to cool white allows you to create your own individual lighting mood. In the stylish Warm Grey and Coffee colour scheme, KEATON relies on the successful combination of high-quality metal, a subtle lighting effect and contemporary aesthetics. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
