

# Wall light Nova Luce Madison black 3W 190lm IP20 3000K warm white

Product code 23930

The Madison wall light features a sleek black aluminium design with an adjustable arm, allowing precise light direction. It emits warm white LED light with a color temperature of 3000K and a high color rendering index above 80, ensuring comfortable and natural illumination. Designed for indoor use, this surface-mounted fixture offers a compact size and a luminous flux of 190 lumens. The integrated LED module is non-replaceable and provides efficient lighting with a power consumption of 3W. Ideal for decorative and functional lighting, it combines modern aesthetics with practical performance.
