

Dome light Trio Lighting Camaro black / white E27 IP54

Product code 24117

Our CAMARO wall and ceiling light for outdoor use accompanies you on long summer evenings and invites you to linger on the patio. The IP54 protection rating ensures protection against the ingress of dust and splash water. This makes this classic light an ideal choice for outdoor areas. The outdoor light is available with a diameter of 26 cm and is therefore suitable for almost any ceiling size. The simple design and neutral colour scheme with anthracite-coloured edge and matt white plastic shade offer numerous application and combination options. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
