## LINEAR PERFORMANCE WARRANTY

- 12 years** Product warranty on materials and workmanship
- 30 years** Linear power output warranty

Tier-1 manufacturer: Product is manufactured to high standards (to last longer and produce more solar energy). Solar panel made with HJT technology modules. HALF-CUT distributed solar panel ensures higher productivity in case of shading (snow, soiling, physical shadow) compared to a traditional panel. BIFACIAL - two-sided operation, receives sunlight from the backside of the panel as well. More information in the Product specification. 30-year performance warranty (i.e. at least 92.5% performance retention after 30 years compared to initial performance).
