A street light that makes moving in urban spaces safe even in the dark of night! It is perfect for driveways, streets, parking lots, and all other outdoor areas that need safe, affordable, and efficient lighting. Protection classes IP66 and IK08 ensure the fixture's durability and long life in outdoor conditions. Additionally, the light is ideal for collaboration with security cameras - see the product specifications for more details. Furthermore, the maintenance process of the light has been made exceptionally easy - allowing you to save on labor and time! This feature is ensured by the removable electric plate, which makes connecting wires during installation particularly convenient.

The LED street light Slim is a product of the PROLUMEN brand by the Estonian company LED House OÜ. The product uses LUMILEDS LUXEON 3030 2D LEDs and a Mean Well ELG series power supply. The housing is made of aluminum, powder-coated, and corrosion-resistant. The light is directed by a high-quality lens made of PMMA material. The recommended installation height for a 60W light is 4-6 meters. The light is powered by a Mean Well power supply, which is one of the most sold and widely used power supply manufacturers in the world. The input voltage of the power supplies ranges from 180 to 295V. A PFC function (power factor correction) is built-in. The working efficiency is up to 91.5%. Protection elements are built-in to safeguard against overheating, overvoltage, and overload. The power supplies have an IP67 protection class and are suitable for both indoor and outdoor use. Mean Well offers a 5-year manufacturer's warranty on the power supplies. More information about Mean Well power supplies can be found at [www.meanwell.com](http://www.meanwell.com)
