

Carrier for street light ø60mm tube

Product code 14456

Installation opening diameter 60mm

**LED street light PROLUMEN ADELA (MW + Lux) black 230V
100W 13400lm 60x140° IP66 830**

Product code 17094 1-10V dimmableBrand [PROLUMEN](#)

Supply voltage 230V

Power factor 0.95

Dimmable 1-10V

Output 100W

Luminous flux 13400lumens

Luminaire's efficiency lm79 134W

Correlated colour temperature warm
white 3000K

Lens angle 60x140

Source of light [LUMILEDS](#)

Cri 80

Sdcm - macadam ellipses 6

Protection class IP66

Lifespan 100000h

Llmf tm21 L80B10 @25°C 100.000h

Height 205.0mm

Width 272.0mm

Length 508.0mm

Casing colour black

Casing material aluminum

Polishing matt

Power supply [INVENTRONICS](#)

Impact resistance IK08

Work environment outdoor use

Operation temperature -40 °C ...
+50°C

Certificates CE

Warranty 5 years

A street light that makes moving in urban spaces safe even in the dark of night! It is perfect for driveways, streets, parking lots, and all other outdoor areas that need safe, affordable, and efficient lighting. Protection classes IP66 and IK08 ensure the fixture's durability and long life in outdoor conditions. Additionally, the light is ideal for collaboration with security cameras - see the product specifications for more details. Furthermore, the maintenance process of the light has been made exceptionally easy - allowing you to save on labor and time! This feature is ensured by the removable electric plate, which makes connecting wires during installation particularly convenient.

The LED street light Slim is a product of the PROLUMEN brand by the Estonian company LED House OÜ. The product uses LUMILEDS LUXEON 3030 2D LEDs and a Mean Well ELG series power supply. The housing is made of aluminum, powder-coated, and corrosion-resistant. The light is directed by a high-quality lens made of PMMA material. The recommended installation height for a 60W light is 4-6 meters. The light is powered by a Mean Well power supply, which is one of the most sold and widely used power supply manufacturers in the world. The input voltage of the power supplies ranges from 180 to 295V. A PFC function (power factor correction) is built-in. The working efficiency is up to 91.5%. Protection elements are built-in to safeguard against overheating, overvoltage, and overload. The power supplies have an IP67 protection class and are suitable for both indoor and outdoor use. Mean Well offers a 5-year manufacturer's warranty on the power supplies. More information about Mean Well power supplies can be found at www.meanwell.com

ST57 Solar-Powered Streetlight - And no cables are needed! ST57 is a full-range solar streetlight offering six different sizes: 10W, 20W, 30W, 40W, 50W, and 60W, making it ideal for various applications. Smart control features, such as a built-in microwave sensor and timer dimming, ensure longer discharge times. The adjustable mounting angle improves charging efficiency, and the removable battery makes maintenance simple. Key Features: MPPT controller and mono-crystalline solar panels: Maximum charging capability. LiFePO4 battery: Reliable and long-lasting energy storage. Aluminum alloy casing and polycarbonate optical lens: Durable and weather-resistant design. Easy to clean and maintain with a shell design allowing for quick battery replacement. Efficient heat dissipation. Smart control options, including a built-in microwave sensor and timer dimming, ensure energy efficiency. 360° adjustable connection and ±40° tilt angle adjustment. Quick and easy installation with a plug-and-play system. Applications: Rural roads, urban roads, walkways, parking lots, courtyards, plazas, and parks. NB! The product is available for pre-order, with a minimum order quantity of 10 units. Battery warranty 3 years, other parts of the light 5 years.
