Lifespan 50000h
Height 1320.0mm
Diameter 90.0mm
Casing colour transparent / golden
Casing material metal + glass
Work environment indoor use
Warranty 3 years

The Legendary Amulet Series - Winner of 14 International Awards. The Amulet series draws its inspiration from prehistoric African adornments - necklaces and bracelets created from shells and other natural materials discovered in South Africa during archaeological excavations. These artifacts are believed to be the first jewelry ever created by humankind. Their owners attributed mystical properties to them, which is why this lighting collection was named Amulet. The series features captivating compositions of numerous “beads” made from cast, high-quality glass, each adorned with a textured, repeating pattern that creates a dynamic interplay of light and reflections. The LED light source runs through these beads like a string, enhancing their luminous charm.

# Floor lamp Maytoni Cabaret brass 8W 850lm 120° IP20 830

Diameter 45.0mm
In package 1pc
Casing colour black
Casing material metal + textile
Work environment indoor use
Warranty 3 years

The luminaires of the BURTON series with their textile shades are the epitome of cosiness. The homely light, which conjures up a cosy ambience thanks to the two different coloured shades, sets special lighting accents. The floor lamp, which finds its place next to the sofa or in the entrance area, can be operated flexibly via a switch. Two separate switches also allow both the main light source and the reading arm to be used separately. The modern combination of an inner white fabric shade and an outer transparent black plastic shade looks individual as well as refreshing and can be integrated into modern living styles in many ways. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Modern, purist and yet wonderfully unobtrusive: the KEATON floor lamp impresses with a sophisticated design that is reminiscent of softly glowing discs that stylishly overlap. Its minimalist look is further emphasised by the soft colour tones - a real style statement next to the sofa or in the sleeping area. KEATON has a lot to offer in terms of technology: It has an integrated dimmer with sensor dimmer function that allows the brightness to be continuously adjusted. The luminaire can be conveniently operated via ON/OFF touch control, while the adjustable light colour from warm white to cool white allows you to create your own individual lighting mood. In the stylish matt black and matt brass colour scheme, KEATON relies on the successful combination of high-quality metal, a subtle lighting effect and contemporary aesthetics. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Weight 1.2 kg
Package weight 1.5 kg
Casing colour nickel
Work environment indoor use

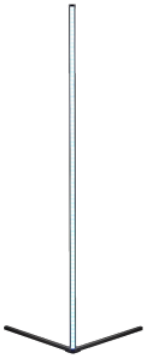

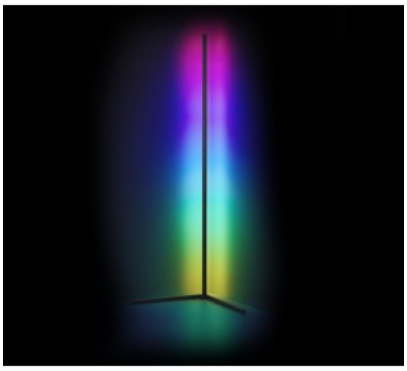

Colour comes into play with the LEIA floor lamp. A colour from the RGBW spectrum can be selected using the included remote control so that your surroundings are transformed into the desired colour. In addition, the brightness can be continuously dimmed so that it can be individually adjusted depending on the lighting conditions. The tasteful and otherwise rather discreet design is a wonderful match for modern living spaces where clear lines predominate. The floor lamp has a height of 104 cm and should be placed prominently in the interior due to the colour effects. Next to the sofa or in the entrance area, it looks great both switched on and off. The chrome-coloured base and crystal cover create a modern contrast to the light colours and stylishly round off the overall look. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Arched luminaires add a modern touch to your home and at the same time radiate a pleasant sense of calm. This is also the case with the MANSUR floor lamp, which creates a warm atmosphere with its slender, curved frame and simple shade shape. The classic fabric shade directs the light upwards and downwards, creating a wonderful island of light underneath where you can read or relax. The MANSUR is particularly suitable for large living rooms, as it takes up a lot of space and is effective as a decorative element in its own right. The fabric shade is taupe on the outside and a reflective gold colour on the inside. The frame and base in matt black round off the luminaire perfectly. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Water columns are absolute classics and a highlight among decorative lights! Create colourful lighting accents in your living room, bedroom or children's room. The MOTION water column is illuminated using built-in LED technology and, when switched on, creates a bubble that moves the decorative fish and decorative spheres inside. In addition, the RGB colour change creates varied lighting scenarios. The water column has a height of 130cm and a diameter of 10cm. When switched off, the water column takes on a simple appearance and can be combined in a variety of ways thanks to the titanium-coloured light base and the clear column. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.
