 No. of switches 15000pcs  
 Warranty 5 years

Feel the light! The LEVEL floor lamp offers a variety of practical functions that take the film and gaming experience to a whole new level and allow viewers to immerse themselves more deeply in the fictional world. The Dynamic Light function creates a fascinating atmosphere with pre-programmed, dynamic lighting scenarios that add fascinating lighting effects to the multi-coloured or monochrome mood lighting. The luminaire is also equipped with the Sound Control function. Using a built-in microphone, the RGB LEDs react to ambient noise in real time and transform music, films and gaming into captivating, rhythmically adapted light effects. The remote control included in the scope of delivery allows you to adjust the brightness and RGB colour changer to your own preferences. Whether placed in the living room or in the gaming area, the LEVEL enhances your gaming or film experience in an incomparable way. When switched off, the floor lamp has a simple elegance and can be combined in a variety of ways with its black design. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

## Floor lamp Maytoni Cabaret brass 8W 850lm 120° IP20 830

The blown white glass shades resemble luminous pearls encased in matte bronze or nickel-colored metal frames. The series offers a variety of models in different sizes and applications, suitable for both general and task lighting. Functional design allows for adjustable shade positioning on both the floor lamp and table lamp. The height of the pendants can be customized via the adjustable cables. Chandeliers feature a central rod composed of three sections, allowing height adjustments to suit any space. Ceiling-mounted models further expand the collection's versatility, making it suitable for rooms with varying dimensions and ceiling heights.

Weight 1.3 kg  
Package weight 1.8 kg  
Casing colour black  
Casing material metal  
Warranty 2 years

The Mollis collection is more than a design - it's a philosophy of minimalism reflected in the straight lines and strict forms of its luminaires. The soft contours of the metal frame combined with the warm glow of acrylic lighting gently soften the sharpness of the geometry, emphasizing simplicity and a sense of freedom. The collection includes table lamps, wall sconces, floor lamps, and pendants. Its unified, coherent design makes Mollis an ideal complement to high-tech, minimalist, and contemporary interiors.

The luminaires of the BURTON series with their textile shades are the epitome of cosiness. The homely light, which conjures up a cosy ambience thanks to the two different coloured shades, sets special lighting accents. The floor lamp, which finds its place next to the sofa or in the entrance area, can be operated flexibly via a switch. Two separate switches also allow both the main light source and the reading arm to be used separately. The modern combination of an inner white fabric shade and an outer transparent black plastic shade looks individual as well as refreshing and can be integrated into modern living styles in many ways. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

The unusual LEAVY floor lamp impresses with its multitude of plastic leaves. This makes the luminaire a highlight in your living space. An enchanting lighting object for living areas whose style can be assigned to Young Living. The white plastic leaves and chrome-coloured base can be combined with other different colour concepts, making it wonderfully easy to integrate into your home. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Work environment indoor use

Colour comes into play with the LEIA floor lamp. A colour from the RGBW spectrum can be selected using the included remote control so that your surroundings are transformed into the desired colour. In addition, the brightness can be continuously dimmed so that it can be individually adjusted depending on the lighting conditions. The tasteful and otherwise rather discreet design is a wonderful match for modern living spaces where clear lines predominate. The floor lamp has a height of 104 cm and should be placed prominently in the interior due to the colour effects. Next to the sofa or in the entrance area, it looks great both switched on and off. The chrome-coloured base and crystal cover create a modern contrast to the light colours and stylishly round off the overall look. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Arched luminaires add a modern touch to your home and at the same time radiate a pleasant sense of calm. This is also the case with the MANSUR floor lamp, which creates a warm atmosphere with its slender, curved frame and simple shade shape. The classic fabric shade directs the light upwards and downwards, creating a wonderful island of light underneath where you can read or relax. The MANSUR is particularly suitable for large living rooms, as it takes up a lot of space and is effective as a decorative element in its own right. The fabric shade is taupe on the outside and a reflective gold colour on the inside. The frame and base in matt black round off the luminaire perfectly. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Water columns are absolute classics and a highlight among decorative lights! Create colourful lighting accents in your living room, bedroom or children's room. The MOTION water column is illuminated using built-in LED technology and, when switched on, creates a bubble that moves the decorative fish and decorative spheres inside. In addition, the RGB colour change creates varied lighting scenarios. The water column has a height of 130cm and a diameter of 10cm. When switched off, the water column takes on a simple appearance and can be combined in a variety of ways thanks to the titanium-coloured light base and the clear column. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Simple design - exciting lighting result. The minimalist design of the RICO floor lamp leaves room for practical functions and a dreamlike play of light with a star motif. Equipped with an RGBW colour changer, the luminaire can be dimmed and the light colour individually adjusted using an enclosed remote control. The light also has a built-in memory function so that the last selected light setting is saved and used again when the light is switched on again. Whether in the children's room, in the party room or in the living room, the floor lamp unfolds its full effect in the dark and provides exciting lighting accents. When switched off, the floor lamp has a simple appearance and is made of white acrylic and a chrome base. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

SHANGHAI - a floor lamp that impresses with its eye-catching yet minimalist design. The arched shape of the luminaire is a particular eye-catcher. Thanks to its narrow body, however, it blends in perfectly with its surroundings. It does not need much space to impress. You can also set the desired light intensity using the practical foot dimmer. The colour black is an ideal combination colour. Set specific accents by combining the light with interiors in light colours. The light goes perfectly with a modern furnishing style. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

SHANGHAI - a floor lamp that impresses with its eye-catching yet minimalist design. The arched shape of the luminaire is a particular eye-catcher. Thanks to its narrow body, however, it blends in perfectly with its surroundings. It does not need much space to impress. You can also set the desired light intensity using the practical foot dimmer. The colour white goes perfectly with a modern furnishing style and is also an ideal combination colour. In combination with coloured interiors, it brightens and enlivens the room. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

The stylish SHELDON floor lamp impresses with its organic shapes and colourful glass with a mirror effect. The three shimmering glass shades create a magical ambience with an exciting play of light and become a decorative element with a wow effect. Enhance your living area elegantly and skilfully with the SHELDON! The practical foot switch makes it easy to switch the light on and off. The combination of black matt metal and reddish, bluish and greenish glass shades takes the style factor of the luminaire to a whole new level. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

With its eye-catching and modern look, the SYDNEY LED floor lamp completes any stylishly furnished home and quickly becomes the centrepiece of the entire interior. The round base of the light ensures that it stands firmly, and the supply cable has a practical foot dimmer. This allows you to create different atmospheres in the room as required. Sydney fits particularly well in the living room as a companion for cosy reading evenings on the sofa. The spiral-shaped lampshade rotates around its long, straight frame. The lamp has a total height of 162cm. The mix of chrome-coloured surface and acrylic creates exciting contrasts. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Feel the light! The TENDO floor lamp offers a variety of practical functions that take the film and gaming experience to a whole new level and allow viewers to immerse themselves more deeply in the fictional world. The Dynamic Light function creates a fascinating atmosphere with pre-programmed, dynamic lighting scenarios that add fascinating lighting effects to the multi-coloured or monochrome mood lighting. The luminaire is also equipped with the Sound Control function. Using a built-in microphone, the RGB LEDs react to ambient noise in real time and transform music, films and gaming into captivating, rhythmically adapted light effects. The remote control included in the scope of delivery allows you to adjust the brightness and RGB colour changer to your own preferences. Whether placed in the living room or in the gaming area, the TENDO enhances your gaming or film experience in an incomparable way. When switched off, the floor lamp has a simple elegance and can be combined in a variety of ways with its black design. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Design, functionality and elegance. The TICO floor lamp creates lighting accents and gives your living space a cosy ambience. The dimming function allows you to adjust the brightness individually and adapt it to your needs. The floor lamp also has an integrated RGBW colour changer, which is controlled using the remote control supplied and allows the light colours to be set to red, green, blue or white. The shimmering starlight effect makes the 104 cm high TICO floor lamp with fabric shade a real eye-catcher. The chrome-coloured plastic housing of the luminaire is encased in a white fabric that appears in red, green or blue depending on the colour setting. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
