Table lamp Britop Erik E27 IP20

Product code 21923

Socket E27
Protection class IP20
Height 600.0mm
Diameter 165.0mm
Casing material metal + wood
Work environment indoor use

Rechargeable table lamp Deko-Light Lacertae anthracite 5V 5W 460lm IP54 switch dimmer 830

Product code 20190 **switch dimmer dimmable**

Brand Deko-Light
Supply voltage 5V
Dimmable switch dimmer
Output 5W
Luminous flux 460lumens
Luminaire’s efficiency 92W
Correlated colour temperature warm white 3000K
Cri 80
Protection class IP54
Lifespan 30000h
Height 267.0mm
Width 180.0mm
Length 180.0mm
Casing colour anthracite
Casing material aluminum + glass
Work environment indoor / outdoor use
Operation temperature -10 to 45 °C°C
Warranty 3 years

Light up the outdoors, wherever you are, with the perfect outdoor essential. With three-stage dimming function, the LACERTAE USB is perfect for cosy lake-side reading or for a romantic picnic in the park. With integrated power bank, it supplies your garden party with both light and music. The LACERTAE USB - for life on the move. Power bank function Micro USB charging port incl. 7,800 mAh rechargeable lithium battery three-stage dimming Real glass

Table lamp LED ORBI 2,5W 5V 2,5W 150lm CRI80 90° IP20 DIMMABLE 3000K-6500K

Product code 17928 dimmerdatav
dimmable

Supply voltage 5V
Dimmable dimmerdatav
Output 2,5W
Maximum output 2,5W/1m
Luminous flux 150lumens
Correlated colour temperature warm - cold white 3000K - 6500K
Lens angle 90
Cri 80
Protection class IP20
Lifespan 10000h
Height 53.0mm
Diameter 80.0mm
Weight 790 g
In package 1pc
In box 12pcs
Casing material aluminium
Work environment indoor use
Operation temperature -20 - +40°C
Certificates CE
Warranty 3 years

A wireless, rechargeable, and magnetic LED lamp with four installation options. The lamp can be placed on a base and used as a desk lamp or mounted on a wall using screws. The package includes a USB-C cable (approximately 1 meter) for charging the lamp. The lamp can be adjusted 360 degrees in any direction and offers three light colors: warm, neutral, and cool. The light color can be changed using the lamp's button, and the brightness can be adjusted by pressing the button longer. The lamp can also be turned on while charging. It features a built-in, non-replaceable 1200mAh battery, which is rechargeable using the USB-C cable by connecting it to a computer, power bank, or another power source.

Casing material metal + glass
Warranty 3 years

AI Collaboration is a project that opens new horizons for creative ideas. AI-based image generator programs create hundreds of images, most of which are not suitable to be used as prototypes for real products. However, an experienced designer can transform these unsuccessful attempts into unique creative ideas. One such collaboration resulted in the concept of a table luminaire. Initially, the AI created impractical images of luminaires, so a different approach was chosen. Based on the designer's prompt, the AI produced renderings of unusual glass vases, with their silhouettes becoming the foundation for the luminaire's design. This led to the creation of one of the world's first luminaires designed with the help of AI! The portable luminaire can stay on for up to 8 hours (charging cable included). Its stable, wide glass base can hold fresh flowers or even entire mini ecosystems. The luminaire can be disassembled for cleaning the vase. A convenient touch switch is located at the top of the diffuser. Four color options make it suitable for any interior. It's perfect for both homes and restaurants. A version of the luminaire features a thin metal stem.

MÅNGATA, meaning “moonlight reflection on water” in Swedish, captures the poetic beauty of lunar light. A round luminaire, elevated on metal legs, reflects onto a mirrored base, creating a mesmerizing illusion of depth and infinity. The textured glass diffuser casts a soft, expansive glow, as if the moon itself has descended to fill the space with tranquility and serenity.

Casing colour black
Casing material metal
Warranty 2 years

The Mollis collection is more than a design - it’s a philosophy of minimalism reflected in the straight lines and strict forms of its luminaires. The soft contours of the metal frame combined with the warm glow of acrylic lighting gently soften the sharpness of the geometry, emphasizing simplicity and a sense of freedom. The collection includes table lamps, wall sconces, floor lamps, and pendants. Its unified, coherent design makes Mollis an ideal complement to high-tech, minimalist, and contemporary interiors.

The Splash series embodies dynamic design and modern lighting aesthetics. The double-glass lampshades align with trends in minimalism and production efficiency, adding a bold touch of style to your interior. The series includes single pendant and table luminaires that strike a perfect balance between form and function. The outer lampshades come in two sophisticated finishes: transparent and galvanized grey with a striking gradient effect, creating deep, rich lighting. An LED light source with a color temperature of 3000K ensures warm, inviting illumination. Elegant satin gold fittings enhance the luxurious appeal of the series. The pendant luminaires feature an adjustable wire length of up to 3 meters, making them ideal for rooms with high ceilings. Splash is modern lighting artistry at its finest.

A wireless, rechargeable, and magnetic LED lamp with four installation options. The lamp can be placed on a base and used as a desk lamp or mounted on a wall using screws. The package includes a USB-C cable (approximately 1 meter) for charging the lamp. The lamp can be adjusted 360 degrees in any direction and offers three light colors: warm, neutral, and cool. The light color can be changed using the lamp's button, and the brightness can be adjusted by pressing the button longer. The lamp can also be turned on while charging. It features a built-in, non-replaceable 1200mAh battery, which is rechargeable using the USB-C cable by connecting it to a computer, power bank, or another power source.

Design and functionality come together in the modern ARUBA outdoor light. Place the table lamp flexibly in a position of your choice - without any cables. On the balcony, terrace or at a picnic - the light can be charged within 5 hours via the integrated rechargeable battery using the USB connection and then emit a pleasantly warm light for approx. 8 hours. This makes the seating area flexible not only in terms of light. The RGBW colour changer can also be controlled in stages using the switch. The table lamp has a height of 20.5 cm and a diameter of 13 cm. The light also has an IP44 protection rating and is ideal for outdoor use. Thanks to the white plastic design, the light is optimally reflected and the luminaire blends seamlessly into any outdoor area. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. LED light sources also have a long service life, produce less heat and protect the environment.

Feel the light of gaming! The GAME table lamp set of 2 offers a variety of practical functions that take the gaming experience to a whole new level and allow players to immerse themselves more deeply in the fictional world. The Dynamic Light function creates a fascinating atmosphere with pre-programmed, dynamic lighting scenarios that add fascinating lighting effects to the multi-coloured or monochrome mood lighting. The luminaire is also equipped with the Sound Control function. Using a built-in microphone, the RGB LEDs react in real time to ambient noises and transform music, films and gaming into captivating, rhythmically adapted light effects. The remote control included in the scope of delivery allows you to adjust the brightness and RGB colour changer to your own preferences. Whether placed next to the TV or gaming PC, the GAME enhances your gaming or film experience in an incomparable way. When switched off, the table lamp presents itself with simple elegance and can be combined in a variety of ways with its black design. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

That certain something with the FERNANDEZ rechargeable luminaire. The battery operation of the table lamp allows flexible placement without any cables wherever a cosy lighting atmosphere is needed. The lamp is charged via a discreetly designed charging station. The mobile table lamp, which looks great on a garden table or on a dresser in your living room, has a 4-fold touch function that regulates the light in 3 brightness levels. In addition, infinitely variable adjustment of the light colour is possible. As the FERNANDEZ has IP44 protection, it is protected against splashing water and can therefore also be used outdoors. The reduced design in classic form makes the table lamp in matt black and white an adaptable decorative element. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Rechargeable table lamp Trio Lighting Fernandez black 1,5W 130lm CRI80 IP54 switch dimmer 2700K, 4000K, 6000K 3CCT

Work environment indoor use
Warranty 5 years

The practical FERNANDEZ set of 6 is perfect for the catering trade. Placed on the table, the lights provide cosy light and create a pleasant atmosphere without a socket or annoying cable. The set includes 6 individual lights and a compact charging station that allows all 6 lights to be charged at the same time. Thanks to the IP54 protection rating (splash-proof), the lights are equally suitable for indoor and outdoor use and can even withstand light showers with flying colours. The minimalist design in a classic shape turns the table lamps in matt black into a customisable decorative element. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Modern, purist and yet wonderfully unobtrusive: the KEATON table lamp impresses with a sophisticated design that is reminiscent of softly glowing discs that stylishly overlap. Its minimalist look is further emphasised by the soft colour tones - a real style statement on a chest of drawers or bedside table. KEATON has a lot to offer technically: It has an integrated dimmer with sensor dimmer function, which allows the brightness to be continuously adjusted. The luminaire can be conveniently operated via ON/OFF touch control, while the adjustable light colour from warm white to cool white allows you to create your own individual lighting mood. In the stylish matt black and matt brass colour scheme, KEATON relies on the successful combination of high-quality metal, a subtle lighting effect and contemporary aesthetics. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Table lamp Trio Lighting Leia nickel 5W 400lm IP20 RGB + 3000K RGBW warm

Product code 19462

Brand Trio Lighting
Output 5W
Luminous flux 400lumens
Luminaire’s efficiency 80W
Correlated colour temperature RGBW warm RGB + 3000K
Protection class IP20
Height 400.0mm
Diameter 150.0mm
Casing colour nickel
Casing material metal + acrylic plastic
Work environment indoor use

Colour comes into play with the LEIA floor lamp. A colour from the RGBW spectrum can be selected using the included remote control so that your surroundings are transformed into the desired colour. In addition, the brightness can be continuously dimmed so that it can be individually adjusted depending on the lighting conditions. The tasteful and otherwise rather discreet design is a wonderful match for modern living spaces where clear lines predominate. The floor lamp has a height of 104 cm and should be placed prominently in the interior due to the colour effects. Next to the sofa or in the entrance area, it looks great both switched on and off. The chrome-coloured base and crystal cover create a modern contrast to the light colours and stylishly round off the overall look. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Table lamp Trio Lighting Lupo white 5W 550lm IP20 3500K warm white

Work environment indoor use

The MIKI table lamp brings a natural lightness into your home with its trendy boho look. The casual mix of metal and paper in a ratan look radiates vibrancy and is a cool eye-catcher on a chest of drawers in the living area or in the hallway. The play of light and shadow, which can be controlled by a cord switch, is created by the special design and ensures relaxation and cosiness. The combination of brown paper and black metal makes it easy to integrate the light into various furnishing styles such as boho or Scandi and also adapts to different types of wood. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Brand Trio Lighting
Supply voltage 12V
Output 2,4W
Luminous flux 5lumens
Correlated colour temperature RGBW warm RGB + 2700K
Lifespan 10000h
Height 610.0mm
Width 246.0mm
Length 246.0mm
In package 1pc
Casing material metal + plastic
Work environment indoor use
Operation temperature -20 +40°C
Certificates CE, RoHS
Warranty 5 years

Water columns are absolute classics and a highlight among decorative lights! Create colourful lighting accents in your living room, bedroom or children's room. The MOTION water column is illuminated using built-in LED technology and, when switched on, creates a bubble that moves the decorative fish and decorative spheres inside. In addition, the RGB colour change creates varied lighting scenarios. When switched off, the water column takes on a simple appearance and can be combined in a variety of ways thanks to the titanium-coloured light base and the clear column. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Warranty 5 years

The POLO table lamp offers high flexibility combined with a modern and straightforward design. The luminaire neck provides optimum adjustment options so that the light can be positioned individually. There are two touch points on the base of the light that can be used to conveniently switch the light on and off, dim it 4 times and adjust the light colour in stages (3000/4000/5000 Kelvin). With a height of 41cm and a projection of 40cm, the table lamp is therefore ideal as modern and functional desk lighting. In timeless matt white, it is deliberately kept simple and blends easily into existing colour schemes. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Make a stylish statement on your desk or shelf: the PUNK table lamp combines futuristic design with modern technology. Its fine light fibres fan out decoratively and create atmospheric lighting. Thanks to the RGB colour changer, you can switch between different light colours at any time and adjust the mood individually. Operation is very simple using the integrated switch. The power supply also offers you flexibility: The light can be used via the practical USB-C connection as well as battery-powered - ideal for travelling or places without a socket. The plastic base in matt nickel gives the luminaire a modern look with a metallic lustre. The light fibres are made of high-quality plastic and offer a particularly beautiful interplay of colours thanks to their slight transparency. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Rechargeable table lamp Trio Lighting Ricardo black 1,7W 240lm IP54 3000K warm white
