Lens angle 90
Cri 80
Protection class IP20
Lifespan 10000h
Height 53.0mm
Diameter 80.0mm
Weight 790g
In package 1pc
In box 12pcs
Casing colour blue
Casing material aluminium
Work environment indoor use
Operation temperature -20 - +40°C
Certificates CE
Warranty 3 years

A wireless, rechargeable, and magnetic LED lamp with four installation options. The lamp can be placed on a base and used as a desk lamp or mounted on a wall using screws. The package includes a USB-C cable (approximately 1 meter) for charging the lamp. The lamp can be adjusted 360 degrees in any direction and offers three light colors: warm, neutral, and cool. The light color can be changed using the lamp's button, and the brightness can be adjusted by pressing the button longer. The lamp can also be turned on while charging. It features a built-in, non-replaceable 1200mAh battery, which is rechargeable using the USB-C cable by connecting it to a computer, power bank, or another power source.

Height 285.0mm

Diameter 125.0mm

Weight 400g

Casing colour black

Work environment indoor use

Operation temperature -10 ~30°C

Certificates CE

Warranty 5 years

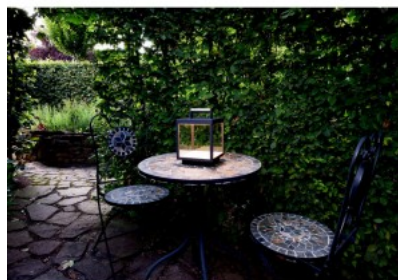

The luminaires of the BURTON series with their textile shades are the epitome of cosiness. The homely light, which conjures up a cosy ambience thanks to the two different coloured shades, sets special lighting accents. The table lamp, which finds its place on the night table or on a chest of drawers, can be operated flexibly via a cord switch. The modern combination of an inner white fabric shade and an outer transparent black plastic shade looks individual as well as refreshing and can be integrated into modern living styles in many ways. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Design and functionality come together in the modern ARUBA outdoor light. Place the table lamp flexibly in a position of your choice - without any cables. On the balcony, terrace or at a picnic - the light can be charged within 5 hours via the integrated rechargeable battery using the USB connection and then emit a pleasantly warm light for approx. 8 hours. This makes the seating area flexible not only in terms of light. The RGBW colour changer can also be controlled in stages using the switch. The table lamp has a height of 20.5 cm and a diameter of 13 cm. The light also has an IP44 protection rating and is ideal for outdoor use. Thanks to the white plastic design, the light is optimally reflected and the luminaire blends seamlessly into any outdoor area. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. LED light sources also have a long service life, produce less heat and protect the environment.

Thanks to its stylish design, the modern KRAIT desk lamp is an absolute eye-catcher on any desk. With the integrated RGB colour changer, you can design the base of the lamp in any colour of your choice. The desk lamp has a height of 34 cm and a width of 12.5 cm. Thanks to the white colour scheme, the light can be combined with many furnishing styles. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED light sources have a long service life, produce less heat and protect the environment.

Colour comes into play with the LEIA floor lamp. A colour from the RGBW spectrum can be selected using the included remote control so that your surroundings are transformed into the desired colour. In addition, the brightness can be continuously dimmed so that it can be individually adjusted depending on the lighting conditions. The tasteful and otherwise rather discreet design is a wonderful match for modern living spaces where clear lines predominate. The floor lamp has a height of 104 cm and should be placed prominently in the interior due to the colour effects. Next to the sofa or in the entrance area, it looks great both switched on and off. The chrome-coloured base and crystal cover create a modern contrast to the light colours and stylishly round off the overall look. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Clever, cordless and extremely practical. The MAXIMA rechargeable luminaire is a true functional marvel. Simply combine the magnetic lamp head with the stand, wall mounting or clamping device as required. This means it can be used easily and at any time wherever light is needed without having to rely on a power connection. You can also switch the light on and off via an integrated touch dimmer and adjust the brightness in three levels. The MAXIMA can be charged quickly and easily using the USB-C charging cable supplied. The modern design in black makes the light timeless and its versatility means it can be used anywhere in the home. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Brand [Trio Lighting](#)

Socket E27

Protection class IP20

Height 205.0mm

Diameter 200.0mm

The MIKI table lamp brings a natural lightness into your home with its trendy boho look. The casual mix of metal and paper in a ratan look radiates vibrancy and is a cool eye-catcher on a chest of drawers in the living area or in the hallway. The play of light and shadow, which can be controlled by a cord switch, is created by the special design and ensures relaxation and cosiness. The combination of brown paper and black metal makes it easy to integrate the light into various furnishing styles such as boho or Scandi and also adapts to different types of wood. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

The POLO table lamp offers high flexibility combined with a modern and straightforward design. The luminaire neck provides optimum adjustment options so that the light can be positioned individually. There are two touch points on the base of the light that can be used to conveniently switch the light on and off, dim it 4 times and adjust the light colour in stages (3000/4000/5000 Kelvin). With a height of 41cm and a projection of 40cm, the table lamp is therefore ideal as modern and functional desk lighting. In timeless matt white, it is deliberately kept simple and blends easily into existing colour schemes. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Casing colour white

The TORO table lamp impresses with its adjustable flexible neck, which ensures excellent light guidance on a desk or bedside cabinet. The adjustment of the light colour is just as impressive as the practical 4-step touch function. This allows the brightness to be reduced or increased in three stages, offering versatile adjustment of the light according to personal preferences and needs. The discreet white colour scheme draws attention to the light's capabilities. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
