An elegantly simple design LED track light. Black in color, compact in size, this LED light is perfect for home use. The light is designed for indoor use (IP20). The light beam does not distort the true colors of the room (CRI90), and the light temperature of 4000K maintains daylight white light in the room. The light also features a honeycomb filter, which prevents the characteristic glare of bright light. This LED track light attaches to a 3F track, which is also available in the LED house product range!

Stylish black LED pendant light. Suitable for indoor use. Cable length is 1m (dimensions shown in the picture). Its minimalist design blends perfectly into various interiors, whether at home, in the office, or in a business environment. We recommend this warm white light (3000K) fixture for both living spaces and work environments. With a color rendering index (CRI) of 90, this luminaire enhances color accuracy and details, making it an ideal choice for highlighting art, design elements, and interior spaces. This Bolton luminaire is suitable for indoor use only, with an IP20 protection rating. With TRIAC dimmers, the LED light can easily be adjusted for different lighting scenes, creating cozy light for intimate dinners or brighter light for work sessions. This LED track light attaches to a 3F track, which you can also find in the LED house product range. Enhance your everyday lighting quality and choose a top-notch lighting solution from the LED house product range!

The revolutionary PROLUMEN Firenze LED track light enhances every design element even more strikingly. A LED luminaire with adjustable light beam is used, for example, to illuminate artworks in museums and galleries. However, the luminaire is also perfect for highlighting interior elements at home! The luminaire has a dimmer button that allows you to adjust the light intensity from 1-100%. In addition, the luminaire has cutting edges that allow you to adjust the light beams precisely to the size of the picture frame. A higher-than-usual indicator, CRI92, ensures excellent color rendition and reflection of light.
