Product code 18294

Brand LUMINES
Height 44.8mm
Width 88.6mm
Length 3000.0mm
Casing colour white
Casing material aluminium
Polishing matt

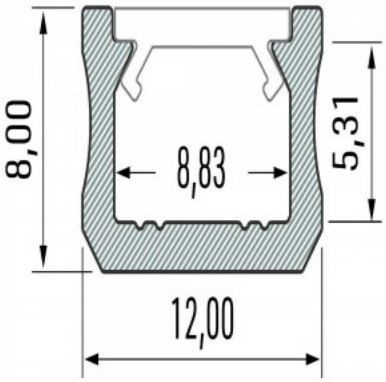

An aluminium profile designed for the precise and visually refined installation of LED strips in various interior or furniture applications. The profile provides mechanical protection for LED strips and helps dissipate heat, thereby extending the lifespan of the light sources. This profile enables a clean and uniform light line, especially when used with a diffuser. Thanks to its durable construction, it is suitable for both residential and commercial lighting solutions.

Aluminium profile LUZ NEGRA Milano Slim 2m silver

Product code 18178

Brand LUZ NEGRA
Height 4.1mm
Width 16.0mm
Length 2000.0mm
Casing colour silver

Luz Negra Milano Slim is a sleek and elegant LED profile designed for illuminating various surfaces such as walls, furniture, and shelves. Its minimalist design allows for a seamless and stylish lighting solution that blends harmoniously with any interior. The profile is made of high-quality aluminum, providing durability and an aesthetically finished appearance. The product features a special diffuser system that ensures uniform light distribution and provides moisture protection. This makes the profile suitable for demanding environments, such as kitchens and bathrooms. Thanks to its smart mounting system, installation is quick and easy, allowing for a professional result with minimal effort.
