Contemporary designed LED ceiling light. The luminaire is surface-mountable, suitable for both walls and ceilings. As the base and shade cover of the luminaire are separable, maintenance is made particularly easy! The IP65 protection class means that the luminaire is water and dust resistant, making it suitable for both indoor and outdoor use. Additionally, our recommendation is to install it in offices, shops, schools, hotels, stairwells, living rooms and corridors. The luminaire adds warm white light (3000K) to the room, and thanks to CRI90, the colours of illuminated areas remain very true and natural. Certificates CE, RoHS  
Warranty 5 years

Contemporary designed LED ceiling light. The luminaire is surface-mountable, suitable for both walls and ceilings. As the base and shade cover of the luminaire are separable, maintenance is made particularly easy! The IP65 protection class means that the luminaire is water and dust resistant, making it suitable for both indoor and outdoor use. Additionally, our recommendation is to install it in offices, shops, schools, hotels, stairwells, living rooms and corridors. The luminaire adds warm white light (3000K) to the room, and thanks to CRI90, the colours of illuminated areas remain very true and natural. Improve the quality of light in your everyday life and choose a top-notch lighting solution from [the LED house product range!](#)
