The Balbo collection by Maytoni embodies lightness and sophistication in contemporary design. Oversized glass shades create a stunning visual impact, filling the space with both light and air. The refined composition is built on the contrast between the nickel-colored metal frame and the voluminous glass shades. With each shade measuring up to 100 mm in diameter, the collection offers an impressive sense of scale that visually expands the space.

The DARVIN pendant light is a real eye-catcher for any living or dining room. Its unique design creates an artfully curved strand and sets new standards. The high-quality LED strip not only enhances the aesthetic effect, but also provides efficient and pleasant lighting. The light colour and brightness can be conveniently and infinitely adjusted using a conventional light switch to create the optimum room lighting according to requirements or the time of day. This successful combination of creative design and modern lighting technology makes DARVIN a versatile element that both sets visual accents and fulfils the highest functional requirements. With its elegant matt black colour, the luminaire blends timelessly and modernly into any environment and also contributes to energy efficiency. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Illuminating the living or sleeping area in an atmospheric yet sufficiently bright way requires a special and modern lighting concept. The curved FLY ceiling light, which forms the centrepiece of any room, creates a perfect balance between functionality and design. With the integrated SWITCH dimmer, you can conveniently adjust the brightness in three levels (100%, 50% and 25%) using your conventional light switch, immersing your room in an artistic play of light with a statement. Enjoy atmospheric lighting and make your home your favourite place for enjoyable lighting effects! The combination of the curved design and a black matt surface gives the FLY ceiling light a very special touch. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

The ceiling lamp of the PUNCH series convinces with its industrial look and fits perfectly into modern, puristic furnishing styles in your kitchen or dining area. The large shade, which is complemented on the inside by a second smaller shade in a lattice look as a design element, comes into its own wonderfully and provides special lighting effects. The stylish shape and colour design of the luminaire in matt black and gold colours gives your own four walls an industrial ambience. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

Get your light connected! The THIAGO ceiling light provides an innovative, flexible and smart lighting design. The WiZ luminaire offers an incredible colour spectrum of 16 million colours and 64,000 white tones. Wake up with gentle sunlight, starting your day full of energy, relax with soothing light or turn night into day - simply via the app. Compared to other smart home providers, WiZ luminaires do not require an additional gateway, so that all luminaires can be operated completely flexibly from a mobile device. Furthermore, the lights can be combined with Amazon Alexa or Google Home, so that operation by voice control is possible. Various lighting programs and settings can also be selected with the remote control supplied, or using the light switch. Another advantage is the flexibility of use: This means that the WiZ lights can be controlled by several users, assigned to different rooms or locations and controlled from anywhere. The composition of three filigree rectangles creates a modern luminaire for the living room or entrance area. The ceiling light is designed in anthracite and can be easily integrated into existing colour schemes. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Ceiling lamp Trio Lighting Vapore 5 G9 IP20

Product code 20872

Brand [Trio Lighting](#)

Socket G9

Protection class IP20

Height 22.0mm

Diameter 400.0mm

Weight 3.6 kg

Package weight 5.6 kg

Work environment indoor use

Characteristic luminaires such as those in the VAPORE range lend a room elegance and individual charm. When unlit, the chrome-plated glass shade takes centre stage, but as soon as the VAPORE light is switched on, it shines in new splendour. When illuminated, the otherwise mirrored glass becomes transparent and the integrated glass drops become visible. The contrast of material, colour and playful details makes the luminaire unique and gives the room a warm and mysterious atmosphere. The ceiling light has a diameter of 40 cm and a height of 22 cm. The WHEELER light impresses with its minimalist, timeless design and versatile application options. Whether on the ceiling or on the wall - WHEELER adapts perfectly to any living situation and sets stylish accents. At the centre of the luminaire is a round surface with mirror-effect foil, which creates an impressive depth effect when switched on. The light is tastefully reflected in the mirrored surface, giving the impression that it is shining into the depths. This fascinating effect creates a special ambience in any room. The light is made of high-quality metal and has an elegant, matt black finish that blends harmoniously into a variety of furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
