Warranty 2 years

The Balbo collection by Maytoni embodies lightness and sophistication in contemporary design. Oversized glass shades create a stunning visual impact, filling the space with both light and air. The refined composition is built on the contrast between the nickel-colored metal frame and the voluminous glass shades. With each shade measuring up to 100 mm in diameter, the collection offers an impressive sense of scale that visually expands the space.

The AMADOR ceiling light impresses with its clear, circular silhouette and contemporary purism. Without playful details, but with a fine sense of proportion and choice of materials, it blends harmoniously into modern living spaces - restrained in expression, effective in radiance. The integrated switch-dimmer function enables uncomplicated light control directly via the wall switch - without any additional technology. If you want to adjust the light colour as well as the brightness, you can set it using a switch on the luminaire. AMADOR is ideal for rooms where a calm, stylish ceiling solution is required - whether in the living room, bedroom or entrance area. Made of metal with a matt nickel finish, AMADOR impresses with its calm, elegant surface. The discreet finish emphasises the clear, functional design and makes the luminaire a timelessly modern companion in a wide variety of furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

The luminaires of the BURTON series with their textile shades are the epitome of cosiness. The homely light of the three-lamp ceiling lamp, which conjures up a cosy ambience thanks to the two different coloured shades, sets special lighting accents. The modern combination of an inner white fabric shade and an outer transparent black plastic shade looks individual as well as refreshing and can be integrated into modern living styles in many ways. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.

The curved lines of the CAYA ceiling lamp offers elegance and lightness in your home. Stylish and modern in design, it blends in with various interior styles and provides an all-round cosy ambience. The luminaire has a SWITCH dimmer, allowing the brightness to be graduated from 100% to 50% and 25% via a conventional light switch. In addition, three light colours (warm white, neutral white and daylight white) can be set via a switch directly on the luminaire. Thanks to the modern colour design in matt brass and matt black, the luminaire finds a place in many colour concepts. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Light objects in geometric shapes – a statement on the wall or ceiling! The swivelling modules of the MOBILE leave no design wish unfulfilled and offer creative arrangement options. Not only can the brightness be adjusted as desired via a remote control, but the colour temperature can also be controlled from cool white to warm white. Alternatively, the brightness can also be adjusted in three steps (100%, 50%, and 25%) via the integrated SWITCH dimmer using a conventional light switch. The night light function rounds off the luminaire wonderfully. The perfectly designed appearance in matt black and wood look blends in with many furnishing styles thanks to its simplicity. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

urved shapes form the basis of the NURIA luminaire. The harmonious design and extra-wide profile make the ceiling light a special lighting object with practical additional functions. Three light colours (warm, neutral, daylight white) can be set on the canopy using DIP-SWITCH. The brightness can also be adjusted in 3 stages using the conventional light switch. Thanks to the matt nickel colour design, the luminaire can be combined with many furnishing concepts. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Get your light connected! The THIAGO ceiling light provides an innovative, flexible and smart lighting design. The WiZ luminaire offers an incredible colour spectrum of 16 million colours and 64,000 white tones. Wake up with gentle sunlight, starting your day full of energy, relax with soothing light or turn night into day - simply via the app. Compared to other smart home providers, WiZ luminaires do not require an additional gateway, so that all luminaires can be operated completely flexibly from a mobile device. Furthermore, the lights can be combined with Amazon Alexa or Google Home, so that operation by voice control is possible. Various lighting programs and settings can also be selected with the remote control supplied, or using the light switch. Another advantage is the flexibility of use: This means that the WiZ lights can be controlled by several users, assigned to different rooms or locations and controlled from anywhere. The composition of three filigree rectangles creates a modern luminaire for the living room or entrance area. The ceiling light is designed in anthracite and can be easily integrated into existing colour schemes. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Casing material metal + glass

Work environment indoor use

Characteristic luminaires such as those in the VAPORE range lend a room elegance and individual charm. When unlit, the chrome-plated glass shade takes centre stage, but as soon as the VAPORE light is switched on, it shines in new splendour. When illuminated, the otherwise mirrored glass becomes transparent and the integrated glass drops become visible. The contrast of material, colour and playful details makes the luminaire unique and gives the room a warm and mysterious atmosphere. The ceiling light has a diameter of 40 cm and a height of 22 cm. Package weight 3.6 kg  
Casing colour black  
Casing material metal  
Work environment indoor use  
Warranty 5 years

Versatile lighting in a stylish design - The ZENO ceiling light impresses with three parallel, elongated elements that can be easily pulled apart to customise the light to your needs and the room. In addition, four movable spotlights offer further options for targeted lighting design in your living space. The remote control supplied allows you to conveniently control the light colour and brightness from a distance. The black matt metal gives the light an elegant and modern look. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

The ZIBAL ceiling light creates atmospheric and soft lighting effects and is particularly impressive with its elegant design, which perfectly rounds off any modern furnishing style. The luminaire also has a SWITCH dimmer, allowing the brightness to be adjusted from 100% to 50% and 25% using a conventional light switch. Thanks to the matt black colour scheme, the light can be combined with many furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
