Operation temperature -10 ~ 45°C

Certificates CE

### Facade light DAKAR anthracite 230V E27 IP44

#### **Product code 17989**

Supply voltage 230V
Socket E27
Protection class IP44
In package 1pc
Casing colour anthracite
Casing material aluminum
Work environment indoor / outdoor use
Warranty 1 years

### Facade light GRENADA 1 silvery 230V GU10 IP44

#### **Product code 17985**

Supply voltage 230V
Socket GU10
Protection class IP44
In package 1pc
Casing colour silvery
Casing material metal
Work environment indoor / outdoor use
Warranty 1 years

## Facade light GRENADA 2 silvery 230V GU10 IP44

#### Product code 17983

Supply voltage 230V
Socket GU10
Protection class IP44
In package 1pc
Casing colour silvery
Casing material aluminum
Work environment indoor / outdoor use
Warranty 1 years

## Facade light KYOTO/W single socket black 230V E27 IP44

#### **Product code 15733**

Supply voltage 230V
Maximum output 40W/1m
Socket E27
Protection class IP44
Height 186.0mm
Length 115.0mm
Diameter 84.0mm
Casing colour black
Casing material metal
Work environment indoor / outdoor use
Certificates CE, RoHS
Warranty 1 years

Cylindrical facade light, which can be installed on the house facade to maintain the building's impressive and dignified appearance even during dark times. You can choose your preferred light source from the LED House assortment for the light fixture. Improve the quality of light in your everyday life and choose a top-notch lighting solution from the LED house product range!

### Facade light KYOTO/W two sockets black 230V E27 IP44

#### **Product code 15732**

Supply voltage 230V
Maximum output 80W/1m
Socket E27
Protection class IP44
Height 350.0mm
Length 115.0mm
Diameter 84.0mm
In package 1pc
Casing colour black
Casing material metal
Work environment indoor / outdoor use
Certificates CE, RoHS
Warranty 1 years

Bidirectional facade light, which can be installed on the house facade to create a visually striking appearance during dark hours. The light fixture has two sockets where you can choose your preferred light source from the LED House assortment. Improve the quality of light in your everyday life and choose a top-notch lighting solution from the LED house product range!

## Facade light LIVENZA antique brass 230V E27 IP44

#### **Product code 19948**

Supply voltage 230V
Maximum output 60W/1m
Socket E27
Protection class IP44
Height 355.0mm
Width 145.0mm
Length 200.0mm
Casing colour antique brass
Casing material aluminum
Work environment indoor / outdoor use
Certificates CE, RoHS
Warranty 1 years

### Facade light Maytoni Amas graphite E27 IP54

#### **Product code 19732**

Brand Maytoni
Socket E27
Protection class IP54
Height 210.0mm
Width 135.0mm
Casing colour graphite
Casing material metal + glass

### Facade light Maytoni Amas graphite E27 IP54

#### **Product code 19733**

Brand Maytoni
Socket E27

Modern wall light with light beam on both sides. The protection class of the luminaire is determined as IP65, which means it is protected against fine dust and splashes. In addition, the materials of the housing are chosen and prepared to ensure a long lifespan, even in outdoor conditions. The light temperature of the luminaire can be adjusted according to personal preferences. Options include 3000K (warm white), 4000K (daylight), and 5700K (cool white). WL88 is equipped with TRIAC technology, allowing the light to be dimmed and brightened. Additionally, this wall light has a colour rendering index (CRI) of 90, ensuring that the colours under the light remain natural and true. With proper use, the luminaire is energyefficient, environmentally friendly, and has a very long lifespan (50,000 hours). Illuminate your world with LED House professionals - check out our project portfolio here!

Decorative and functional - the simple, straight-lined CORDOBA wall light beautifully sets the scene for your outdoor area. The round plastic cover of the up and down lighting filters the light and emits a pleasant light intensity to the surroundings, providing the outdoor area with optimum light. The covers supplied in various designs make the light a real eye-catcher on your wall when switched on. Thanks to the IP44 protection rating, it is suitable for protected outdoor areas. The light has a height of 9 cm, a width of 10 cm and a depth of 10.5 cm. The matt black plastic wall light with an appealing design is an eye-catcher in your outdoor area. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. LED light sources also have a long service life, produce less heat and protect the environment.

The KANSAS outdoor light is the perfect companion with a clear view. The simple design of this wall light focusses entirely on functionality. The tiltable lampshade allows you to customise the light beam according to your needs to create the ideal light for gardens, patios or entrance areas. With an IP54 protection rating, the luminaire is also protected against dust deposits inside and splashing water on all sides. The purist design made of die-cast aluminium and the anthracite colour scheme set modern accents in your outdoor area. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.

Work environment outdoor use

For optimum lighting, the LED outdoor light is equipped with a motion sensor that has a detection angle of 90 degrees and a range of 6-8 metres. The light duration of the sensor is around 40 seconds. With IP44 protection, the 12 x 18.3 cm wall light is protected against splashing water and is therefore suitable for outdoor use. The solar light has a light duration of 1 hour with a charging time of approx. 8 hours.
