LED module luminaire 1200x300 OPAL STRONG white 230V 25W 3750lm 120° IP20 830

Product code 15927

Supply voltage 230V
Output 25W
Maximum output 25W/1m
Luminous flux 3750lumens
Luminaire's efficiency lm79 150W
Correlated colour temperature warm white 3000K
Lens angle 120
Source of light EPISTAR LED
Cri 80
Protection class IP20
Lifespan 50000h
Height 11.0mm
Width 295.0mm
Length 1195.0mm
Weight 3400g
Casing colour white
Work environment indoor use
Certificates CE
Warranty 5 years

The ceiling panel is a stylish and functional lighting solution that fits perfectly into various indoor spaces, including homes, offices, and public areas. The luminaire is made of high-quality materials, ensuring durability and long-term use. The light source of the ceiling panel is efficient LED technology, providing bright light and energy savings. The luminaire is easy to install and is ideal for evenly and clearly illuminating spaces. This ceiling panel is suitable for indoor use only, with an IP20 protection rating. When ordering the OPAL STRONG ceiling panel, you can choose between warmth temperatures of 3000K (warm white) and 4000K (daylight). The power supply unit is included in the set! Improve the quality of light in your everyday life and choose a top-notch lighting solution from the LED house product range!

Budget friendly modular luminaire, ideal for spaces such as offices and corridors. The ceiling panel luminaire stands out due to its low UGR value, long lifespan, and adaptable installation and maintenance methods. The driver of this luminaire is external - this feature simplifies installation and maintenance by allowing easier access. The luminaire is designed to be as eye-friendly as possible. In addition to a high UGR value, the Backlit panel is flicker-free. The high lumen output ensures that surfaces are covered with quality and sufficient light. Improve the quality of light in your everyday life and choose a top-notch lighting solution from the LED house product range!

Ceiling panel is a stylish and functional lighting solution, which fits perfectly into various indoor spaces, including homes, offices, and public areas. The luminaire is made of high-quality materials, ensuring durability and long-term use Replaceable LED module if necessary. This allows users to easily and conveniently replace the LED light source without replacing the entire luminaire or light bulb. Replaceable LED modules are more energy-efficient, have a longer lifespan, and offer different light temperatures and brightness levels according to the user's needs. This ceiling panel is suitable for indoor use only, with IP20 protection class. Improve the quality of light in your everyday life and choose a top-notch lighting solution from the LED house product range!

The ceiling panel luminaire stands out due to its low UGR value, long lifespan, and adaptable installation and maintenance methods. The driver of this luminaire is external - this feature simplifies installation and maintenance by allowing easier access. The luminaire is designed to be as eye-friendly as possible. In addition to a high UGR value, the Backlit panel is flicker-free. The high lumen output ensures that surfaces are covered with quality and sufficient light. Improve the quality of light in your everyday life and choose a top-notch lighting solution from the LED house product range!

LED module luminaire NELIO 1200x300 white 230V 40W 4300lm 120° IP20 840

Product code 13863

Brand NELIO
Supply voltage 230V
Output 40W
Maximum output 40W/1m
Luminous flux 4300lumens
Luminaire's efficiency lm79 108W
Correlated colour temperature pure white 4000K
Lens angle 120
Cri 80
Protection class IP20
Lifespan 35000h
Height 10.0mm
Width 295.0mm
Length 1195.0mm
Weight 2100g
In package 1pc
In box 5pcs
Casing colour white
Work environment indoor use
Certificates CE
Warranty 3 years

This NELIO LED 1200x300 panel is ultra-thin and modern, making it a perfect fit for contemporary interiors. The panel features high-efficiency LED lights, ensuring bright and uniform illumination while consuming minimal energy. The panel can be installed in various locations, including offices, schools, and homes, helping to enhance the quality of lighting. This ceiling panel is suitable for indoor use only, with IP20 protection class. The panel has a light temperature of 4000K (daylight). Improve your everyday lighting quality and choose a top-quality lighting solution from the LED house product range!

LED module luminaire NELIO 600x300 OPAL white 230V 28W

3000lm 120° IP20 840

Product code 15105

Brand NELIO
Supply voltage 230V
Output 28W
Maximum output 28W/1m
Luminous flux 3000lumens
Luminaire's efficiency lm79 107W
Correlated colour temperature pure white 4000K
Lens angle 120
Cri 80
Protection class IP20
Lifespan 35000h
Height 10.0mm
Width 600.0mm
Length 300.0mm
Installation opening diameter 575x275mm
Weight 1030g
In package 1pc
In box 10pcs
Casing colour white
No. of switches 20000pcs
Power supply BOKE
Work environment indoor use
Operation temperature -20 ~ 40°C
Certificates CE
Warranty 3 years
