LED strip Deko-Light kinnitus komplekt 5m

Product code 22298

Brand Deko-Light
Casing material metal

REVAL BULB 0305 5m roll 24V 5.5W 650lm 120° IP20 940

© LED House OÜ, (+372) 56 202 303
Kadaka street 3/3, Tallinn 10621, Estonia, info@ledhouse.ee

Product code 17945

Brand REVAL BULB
Supply voltage 24V
Output 5.5W
Maximum output 5.5W/1m
Luminous flux 650lumens
Luminaire’s efficiency 118W
Correlated colour temperature pure white 4000K
Lens angle 120
CRI 90
SDCM - MacAdam Ellipses 3
Protection class IP20
Lifespan 50000h
LLMF TM21 L80B10 @25°C 50.000h
Height 3.0mm
Width 5.0mm
Minimum length 25.0mm
Length 5000.0mm
In package 5 reels
Work environment indoor use
Certificates CE, RoHS
Warranty 5 years

LED strip in silicone - the most effective design element to include in your business and events! Creates the most exciting and aesthetic lighting solutions! This flexible LED strip can be shaped into various texts, numbers, shapes, and patterns. Who/what is it created for? 1. For brands and businesses that want to create attractive and eye-catching advertising lighting solutions. 2. For architectural applications to highlight building contours, facade lighting, interior design, stair lighting, space separation, and more. 3. For event organization, LED strips are ideal! They can illuminate the stage, create stage designs, and create a light-playful atmosphere. 4. Industrially, LED strips are used for machine and workplace lighting and for creating safety signs. The IP67 rated LED strip is suitable for both indoor and outdoor use. You can be confident in our products as we sell hundreds of meters of LED strips every day! Send us an inquiry, and we will make you an offer!

Width 16.0mm
Minimum length 100.0mm
Length 40000.0mm
In package 40 reels
Work environment indoor / outdoor use
Operation temperature -25°C to 60°C°C
Certificates CE, RoHS
Warranty 5 years

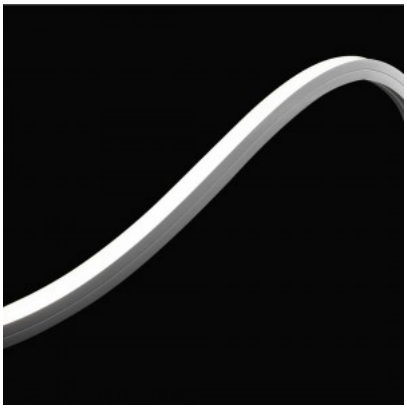

Durable and flexible LED lighting suitable for both indoor and outdoor use, including humid and dusty environments. Its weather resistance and flexibility make it an excellent choice for illuminating various surfaces and shapes, such as stairs, terraces, canopies, or architectural lines. The light emits a warm and uniform glow, creating a continuous line of light along its entire length. It is ideal both for creating ambience and for directional lighting in areas where durability, reliability, and an aesthetic result are important.

Warranty 5 years

LED strip in silicone - the most effective design element to include in your business and events! Creates the most exciting and aesthetic lighting solutions! This flexible LED strip can be shaped into various texts, numbers, shapes, and patterns. Who/what is it created for? 1. For brands and businesses that want to create attractive and eye-catching advertising lighting solutions. 2. For architectural applications to highlight building contours, facade lighting, interior design, stair lighting, space separation, and more. 3. For event organization, LED strips are ideal! They can illuminate the stage, create stage designs, and create a light-playful atmosphere. 4. Industrially, LED strips are used for machine and workplace lighting and for creating safety signs. The IP67 rated LED strip is suitable for both indoor and outdoor use. You can be confident in our products as we sell hundreds of meters of LED strips every day! Send us an inquiry, and we will make you an offer!
