

## LED strip Neon Flex stripe 20m roll UCS1903 24V 15W IP67 830

### Product code 15301

Supply voltage 24V  
Output 15W  
Correlated colour temperature warm  
white 3000K  
Cri 80  
Protection class IP67  
Minimum length 500.0mm  
Certificates CE, RoHS

Neon Flex digital ribbon - the most striking design element to incorporate into your business and events! Neon Flex creates the most exciting and aesthetically pleasing lighting solutions! This flexible digital ribbon can be shaped into various texts, numbers, shapes, and patterns. Who are Neon Flex digital ribbons designed for? For brands and businesses looking to create attractive and eye-catching advertising lighting solutions. To support architectural applications, highlighting building contours, facade lighting, interior design, stair lighting, room division, and more. Neon Flex digital ribbons are perfect for organizing events! With their support, you can illuminate the stage, create stage designs, create a playful atmosphere, and create many different lighting effects. Industrially, Neon Flex is used, for example, for machine and workplace lighting, as well as for creating safety signs. LED ribbons with IP67 protection class are suitable for use both indoors and outdoors. Neon Flex digital ribbon can be digitally controlled using a controller. The price is determined per one 20-meter roll. You can trust our products because we sell hundreds of meters of LED ribbons every day! Send us an inquiry, and we will make you an offer!
