Lens angle 120
Source of light SANAN LED
Sdcm - macadam ellipses 3
Protection class IP20
Lifespan 50000h
Llmf tm21 L80B10 @25°C 50.000h
Height 2.1mm
Width 10.0mm
Minimum length 9.3mm
Length 1000.0mm
In package 5m
Work environment indoor use
Certificates CE, RoHS
Warranty 5 years

High-quality LED strip with a thick circuit board. A unique feature is the ability to cut the strip after each LED, making it ideal for installation in complex situations! LED strips are flexible and can be easily customized to fit various installation needs and surfaces, such as furniture, shelves, stairs, etc. This RGB LED strip allows for a wide range of colours, including various shades that can be adjusted according to user preferences or the situation. The specified price is for 1 meter of the strip. You can trust in our products because we sell hundreds of meters of LED strips every day! Send us an inquiry, and we'll make you an offer!

Quality LED strip with 3528 LEDs. An
ideal choice for decorative lighting!
LED diodes have a long lifespan
compared to other light sources,
reducing maintenance costs and
frequent lamp replacements. This
luminaire is suitable for indoor use
only, with an IP20 protection rating.
The specified price is per 1 meter of
strip. There are more meters on the
roll, which can be cut according to
your needs. You can trust our
products as we sell hundreds of
meters of LED strips every day! Send
us an inquiry, and we will provide you
with an offer!

State-of-the-art LED strip! What
makes constant voltage LED strips
special? These LED strips regulate the
current of LED diodes to remain
constant regardless of fluctuations in
the power supply voltage. This means
that the LED strip always provides
uniform current, ensuring consistent
illumination along the entire length of
the strip. In addition, constant voltage
(CC) LED strips can be connected for
longer lengths than regular LED strips.
For example, with 4.8w/m, it's
possible to connect up to 30m from
one power source, but for more
powerful LEDs, the length decreases.
For 14.4w/m LED strip, the length is
already 10m. This LED-light with IP20
protection class is an ideal choice for
home or office environments. The
specified price is per 1 meter of strip.
The total length on the roll is 20-50m,
which can be cut according to your
needs. If you couldn't find a suitable
option from our product range, feel
free to send an inquiry!

Make your spaces more eyecatching
by using these narrow (5mm) LED
strips! This IP20 class LED strip is
suitable for creating a cozy
atmosphere in dry indoor spaces. The
light temperature of the LED strip
adds a warm white light (3000K) to
the room. LED strips are flexible and
can be easily adjusted to different
installation needs and surfaces, such
as furniture, shelves, stairs, etc. Easy
to install even for beginners! The
specified price is for 1 meter of strip.
You can trust our products because
we sell hundreds of meters of LED
strips every day! Send us an inquiry,
and we will make you an offer!

Warranty 5 years

Excellent decorative lighting! This luminaire is suitable for indoor use only, with an IP20 protection rating. It adds warm white light (3000K) to the room. LED strips are flexible and can be easily adapted to various installation needs and surfaces, such as furniture, shelves, stairs, etc. Easy to install even for first-time users! The specified price is per 1 meter of strip. The total length on the roll is 5m, which can be cut according to your needs. Cutting is possible every 5cm. You can trust our products as we sell hundreds of meters of LED strips every day! Send us an inquiry, and we will provide you with an offer!

This colorful LED strip is perfect for creating a cozy atmosphere in dry indoor spaces. The strip can be extended by soldering. You can connect a maximum of 7-8 meters to one power supply unit. The back side of the strip has 3M double-sided tape, making installation particularly convenient. For best durability and heat dissipation, we recommend installing it with an aluminum profile. The specified price is per meter of the strip. This product requires a power supply unit to operate. You can also find it in the LED house product range!

LED strips are a great choice for
decorative lighting! REVAL BULB LED
strips are flexible and can be easily
adapted to various installation needs
and surfaces. For example, on
furniture, shelves, and stairs. This
IP20 rated LED strip is perfect for
creating a cozy atmosphere in dry
indoor spaces. This RGB digital strip
contains red, green, and blue LEDs,
allowing you to illuminate spaces with
different colors and create various
light effects. In addition to colors, the
strip also has a white LED diode. The
specified price is per meter of the
strip. Feel confident in our products as
we sell hundreds of meters of LED
strips every day! Send us an inquiry,
and we'll make you an offer!

LED strips are a great choice for decorative lighting! REVAL BULB LED strips are flexible and can be easily adapted to various installation needs and surfaces. For example, on furniture, shelves, and stairs. This IP20 rated LED strip is perfect for creating a cozy atmosphere in dry indoor spaces. This RGB digital strip contains red, green, and blue LEDs, allowing you to illuminate spaces with different colors and create various light effects. In addition to colors, the strip also has a white LED diode. The specified price is per meter of the strip. Feel confident in our products as we sell hundreds of meters of LED strips every day! Send us an inquiry, and we'll make you an offer!

Quality LED strip with 3528 LEDs. An ideal choice for decorative lighting! LED diodes have a long lifespan compared to other light sources, reducing maintenance costs and frequent lamp replacements. This luminaire is suitable for indoor use only, with an IP20 protection rating. The specified price is per 1 meter of strip. There are more meters on the roll, which can be cut according to your needs. You can trust our products as we sell hundreds of meters of LED strips every day! Send us an inquiry, and we will provide you with an offer!

Waterproof silicone-coated LED strip
suitable for damp environments. This
product is sold in 5-meter rolls. The
strip can be cut every 3 LEDs at
intervals of 3 cm. It can be extended
by soldering. A maximum of 7-8
meters of the strip can be connected
to one power supply unit. Installation
is made easy with 3M double-sided
tape on the back of the LED strip. For
best durability and heat dissipation,
we recommend installing it with an
aluminum profile. A power supply unit
is required for operation, which can
also be found in the LED House
product range.

Operation temperature -20 ~ 45°C
Certificates CE
Warranty 5 years

The LEDs are indistinguishable, the
light is a continuous line - No direct
need for a profile cover! This IP20
rated LED strip is perfect for creating
a cozy atmosphere in dry indoor
spaces. The LED strip has a very high
color rendering quality (CRI90),
ensuring the light beam does not
distort the true colors in the room.
Easy to install even for first-time
users! The specified price is per meter
of the strip. The total roll is 5 meters,
which we can cut according to the
customer's needs. Feel confident in
our products as we sell hundreds of
meters of LED strips every day! Send
us an inquiry, and we'll make you an
offer!

Brand [REVAL BULB](#)
Supply voltage 24V
Output 15W
Maximum output 15W/1m
Luminous flux 1100lumens
Luminaire's efficiency lm79 73W
Correlated colour temperature pure white 4000K
Lens angle 180
Cri 90
Sdcm - macadam ellipses 3
Protection class IP67
Lifespan 50000h
Llmf tm21 L80B10 @25°C 50.000h
Height 5.2mm
Width 10.0mm
Minimum length 41.4mm
Length 5000.0mm
Work environment indoor / outdoor use
Operation temperature -20° - +45°C
Certificates CE
Warranty 5 years

The LEDs are not separable, the light spreads as a uniform line - no need for profile cover! This IP67-rated LED strip is suitable for creating a cozy atmosphere in dry indoor spaces. A popular choice, for example, as bedroom or studio lighting decoration. The color rendering index (CRI) of the LED strip is very high (CRI90), ensuring that the light beam does not distort the color fidelity in the room. Easy to install even for first-time users! The specified price is for a 5-meter strip (1 roll). You can trust our products because we sell hundreds of meters of LED strips every day! Send us an inquiry, and we will provide you with an offer!

LED strip REVAL BULB COB 5m in silicone 24V 15W 1500lm 180° IP67 930

Certificates CE, RoHS
Warranty 5 years

High-quality UVC LED strip for medical facilities, laboratories, water purification systems, and the food industry. UVC LED strips are used for disinfection and sterilization, and their radiation is effective in destroying microorganisms, bacteria, and viruses. The UVC radiation of the LED strip is potentially hazardous to humans and animals, and its use requires careful adherence to safety measures, including eye and skin protection. Do not look directly at the LED strip with the naked eye, and remove pets and houseplants from the room while the UV light is destroying bacteria! The specified price is per meter of the strip.
