

LED ceiling light Koline 1200 black 230V 20W 2400lm 105° IP20 840

Product code 17275

Supply voltage 230V
 Power factor 0.90
 Output 20W
 Luminous flux 2400lumens
 Luminaire's efficiency lm79 120W
 Correlated colour temperature pure white 4000K
 Lens angle 105
 Cri 80
 Protection class IP20
 Lifespan 50000h
 Height 72.8mm
 Width 50.0mm
 Length 1200.0mm
 Weight 1500g
 In package 1pc
 In box 9pcs
 Casing colour black
 No. of switches 30000pcs
 Work environment indoor use
 Operation temperature -20 ~40°C
 Certificates CE
 Warranty 5 years

An evenly distributed light light, which can be installed both on the ceiling and suspended from the ceiling. An ideal luminaire for above desks! This luminaire is suitable for indoor use only, protection class IP20. 4000K LED lights provide clear and sharp light, which is ideal for lighting shops and other commercial spaces. Adjustable colour temperature and dimmable office light. Ideal desk lamp for work, where you can choose the brightness and suitable light temperature yourself. The luminaire has a prismatic diffuser, which makes working in this light enjoyable and does not strain the eyes. The luminaire is suspended from the ceiling with two cables, and the height of the luminaire can be adjusted. Light distribution is upwards and downwards, and when the colour temperature is changed, it changes both upwards and downwards. Facing downwards is a 3000K LED strip 45W and a 4000K LED strip 45W. Facing upwards is a 3000K + 4000K LED strip 23W. LED strip CRI90. Luminaire control with two buttons located on the housing. The luminaire is manufactured in Estonia! Improve the quality of light in your everyday life and choose a top-notch lighting solution from [the LED house product range!](#)

High-quality PROLUMEN ship light, possible to install both on the surface and hanging. The light temperature can be set by yourself. There are buttons on the light that allow you to choose between 3000K (warm white), 4000K (daylight), or 5700K cool white light. A high colour rendering index CRI90 does not distort the true colours of objects under the light beam. Protection class IP44 means that the luminaire can also be used in damp conditions. If you haven't found the perfect light fixture from our product range yet, then browse through the [PROLUMEN catalogue](#) as well!

Perfect for office or workplace lighting. Some models also feature ship lighting. The PROLUMEN DB66A series offers versatile options for lighting projects. These high-quality luminaires with uniform light distribution allow for customizable lighting according to preference. DB66A provides powerful illumination that meets high standards. Available in various wattages ranging from 36W to 60W and brightness from 3800lm to 6200lm, ensuring adequate lighting in different spaces and environments. The luminaires are equipped with high-quality LEDs, providing stable light and a high color rendering index (CRI90), which helps maintain the natural color of objects. Additionally, you can choose from different color temperatures - 3000K, 4000K, and 5700K, from warm white to cool white light. PROLUMEN DB66A luminaires are ideal for both indoor and commercial buildings. In addition, UP/DOWN versions are available, providing light both upwards and downwards, ensuring uniform illumination of the space. All PROLUMEN DB66A luminaires come with IP20 protection class, ensuring their durability and suitability for various indoor environments. Additionally, DALI versions are available, allowing precise control of lighting as needed. Mounting cables are not included, but you can find all the necessary accessories from LED house in the [accessories category!](#)

PROLUMEN Meena [linear luminaire](#) with adjustable power levels of 22W/30W/35W/40W. A high-quality linear light suitable for installation in parking garages, large closets, corridors, and warehouses. The Meena luminaire is designed to be very easy to install and maintain. The housing can be opened with a button press, and the suspension cables are adjustable during installation.

LED luminaire PROLUMEN Meena 1500 230V 60W 8400lm CRI80 120° IP44 3000K, 4000K, 5000K WW/DW/CW

Product code 17456

Brand [PROLUMEN](#)

Supply voltage 230V

Output 60W

Luminous flux 8400lumens

Luminaire's efficiency lm79 140W

Correlated colour temperature

WW/DW/CW 3000K, 4000K, 5000K

Lens angle 120

Cri 80

Sdcm - macadam ellipses 3

Protection class IP44

Lifespan 100000h

Height 55.0mm

Width 140.0mm

Length 1500.0mm

In package 1pc

Casing material aluminum + plastic

Operation temperature -20° - +45°C

Certificates CE, RoHS

Warranty 5 years

PROLUMEN Meena [linear luminaire](#) with adjustable power levels of 22W/30W/35W/40W. A high-quality linear light suitable for installation in parking garages, large closets, corridors, and warehouses. The Meena luminaire is designed to be very easy to install and maintain. The housing can be opened with a button press, and the suspension cables are adjustable during installation.

PROLUMEN Miina linear light fixture with adjustable color temperature and power levels. A high-quality linear fixture suitable for installation in parking garages, large closets, corridors, and warehouses. The opal glass provides a very wide beam angle, evenly covering a larger area. The Miina fixture is designed for easy installation and maintenance. The color temperature and power are adjustable via a button on the fixture. A motion sensor can also be added to the Miina fixture. Adding the sensor is easy thanks to the openable end cap, where the sensor wires can be connected. With the motion sensor, LED lights become even more energy-efficient and convenient, as the step of turning the light on and off with a switch is eliminated, and the fixture turns off automatically. Trust your lighting project to the experienced team of LED House - [let's bring your vision to life!](#)

Ergonomic office light with adjustable color temperature, featuring an aesthetic and compact design that fits into any modern office. SmartGlow illuminates both the desk and the room - the light beam shines both downwards and upwards. The upward-directed light makes the room feel more spacious. The luminaire has an exceptionally good UGR value, meaning the light beam is not uncomfortable for the eyes and glare is minimal. If you want to make your space even more impressive, it is possible to order this luminaire in a connectable version, allowing the linear ceiling light to extend throughout the entire room. In addition to its good looks, SmartGlow is easy to install and control thanks to its patented lockable plug. It can be mounted suspended, surface-mounted, or recessed. As a bonus, it features HCL intelligent control with Casambi, presence, and daylight sensors. Contact our sales team, and we will plan a top-notch lighting solution for your spaces!
