

Switch ON-OFF rocker switch 12A, circular 30mm white IP40

Product code 14229

Protection class IP40
Height 43.0mm
Diameter 30.0mm
In package 1pc
Casing colour white
Casing material plastic
Polishing matt
Work environment indoor use
Certificates CE

Switch ON-OFF rocker switch 6A, circular 20mm black

Product code 14888

Diameter 19.8mm
Casing colour black

Switch ON-OFF rocker switch 6A, circular 20mm white

Product code 20029

Diameter 19.8mm
Casing colour white

Rocker switch SIEMENS 1-ne Delta Style 5TG7141 white IP20

Product code 19585

Brand SIEMENS
Protection class IP20
Casing colour white

DELTA style, titanium white Rocker switch, 68x 68 mm for universal switch Change/off for intermediate and OFF switch for neutral pushbutton for pushbutton 1-fold Mid-position

Rocker switch SIEMENS 1-ne platinametall Delta Style 5TG7141-1 silver IP20

Product code 19429

Brand SIEMENS
Protection class IP20
Casing colour silver

DELTA style, platinum metallic Rocker switch, 68x 68 mm for universal switch Change/off for intermediate and OFF switch for neutral pushbutton for pushbutton 1-fold Mid-position

Rocker switch SIEMENS 1-ne Profil 5TG7801 white IP20

Product code 18830

Brand SIEMENS
Protection class IP20
Casing colour white
Casing material plastic

DELTA profil, titanium white Rocker switch, 65x 65 mm for universal switch Change/off for intermediate and OFF switch for neutral pushbutton for pushbutton 1-fold Mid-position

Rocker switch SIEMENS 2 slot Delta Style 5TG7145 white IP20

Product code 19586

Brand SIEMENS
Protection class IP20
Casing colour white

DELTA style, titanium white Rocker switch, 68x 68 mm for series/double two-way switch for double pushbutton for pushbutton 2-fold Mid-position

Rocker switch SIEMENS 2 slot Delta Style 5TG7145-1 silver IP20

Product code 19571

Brand SIEMENS
Protection class IP20
Casing colour silver

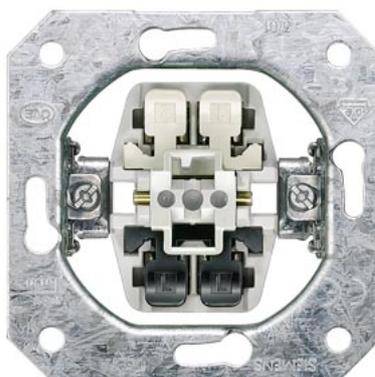

DELTA style, platinum metallic Rocker switch, 68x 68 mm for series/double two-way switch for double pushbutton for pushbutton 2-fold Mid-position

Device insert SIEMENS 2-pooluseline lüliti IP20

Product code 18914

Brand SIEMENS
Protection class IP20

Cover plate SIEMENS Antennikeskplaat TV/R/SAT Delta IP20

Product code 18919

Brand SIEMENS
Protection class IP20

Cover plate SIEMENS Cat 3,Cat 5,Cat 6 pesale kirjaväljaga 5TG2546 white IP20

Product code 18904

Brand SIEMENS

Switch THPG Cable clamps for surface-mounted textile cable black IP20

Product code 22646

Brand THPG
 Protection class IP20
 Casing colour black
 Casing material bakelite
 Work environment indoor / outdoor use

We offer high-quality textile cables in different colours and in any length for all standard household applications. They all come from VOKA (Vogtländisches Kabelwerk), probably the last German manufacturer of textile cables, and are recommended by us for connecting our lights, surface-mounted switches and multiple sockets. You will also find high-quality earthing contact plugs, connectors and junction boxes made of Duroplast or Bakelite as well as suitable cable clamps for guiding our surface-mounted cables on the wall.

Switch THPG Duroplast Toggle switch intermediate white IP20

Product code 22524

Brand THPG
 Rated current 10mA
 Protection class IP20
 Length 53.0mm
 Diameter 62.0mm
 Casing colour white
 Casing material duroplast
 Work environment indoor use

Toggle switch for 2-way circuits for surface mounting. The housing and the toggle are made of Duroplast. An intermediate switch is necessary if a lamp is to be switched from more than two places. 2-way switches are used to switch a lamp from up to two places. A base plate is essential when mounting to easily inflammable or uneven surfaces.

Switch THPG Duroplast Toggle switch white IP20

Product code 22523

Brand THPG
Rated current 10mA
Protection class IP20
Length 53.0mm
Diameter 62.0mm
Casing colour white
Casing material duroplast
Work environment indoor use

Toggle switch for 2-way circuits for surface mounting. The housing and the toggle are made of Duroplast. A 2-way switch can either be used individually as an on/off switch or in conjunction with a second 2-way switch to switch a light. If you want to switch from more than two locations, a intermediate switch is required for each additional location. A base plate is essential when mounting to easily inflammable or uneven surfaces.

Switch THPG Duroplast white IP20

Product code 22458

Brand THPG
Rated current 10mA
Protection class IP20
Diameter 70.0mm
Casing colour white
Casing material duroplast
Work environment indoor use

Rocker button for the switch system Duroplast with solid screw contacts. The central insert and the rocker are made of Duroplast and the base body is made of steatite, a proven ceramic material. Rocker buttons are particularly suitable for operating bells and door openers, and in conjunction with a relay, they can also be used for stairwell lighting. Rocker buttons with corresponding symbols on the rocker are also available, as are luminescent models.

Switch THPG Duroplast white IP20

Product code 22468

Brand THPG
Rated current 10mA
Protection class IP20
Diameter 70.0mm
Casing colour white
Casing material duroplast
Work environment indoor use

Rotary switch with durable spring-loaded mechanism and solid screw contacts. The central insert and handle are made of Duroplast, the base body is made of steatite, a proven ceramic material. Here in the version as a 2-way switch. A 2-way switch can either be used individually as an on/off switch or in conjunction with a second 2-way switch to switch a light. If you want to switch from more than two locations, a intermediate switch is required for each additional location.

Switch THPG Duroplast white IP20

Casing colour white
Casing material duroplast
Work environment indoor use

Double toggle switch (2 gang) with durable brass switch mechanism and solid screw contacts. The central insert and toggle levers are made of Duroplast; the base body is made of steatite, a proven ceramic material. This series switch can be used to switch two lights separately.

Switch THPG Duroplast white IP20

Product code 22521

Brand THPG
Output voltage 250V
Rated current 10mA
Protection class IP20
Length 53.0mm
Diameter 62.0mm
Casing colour white
Casing material duroplast
Work environment indoor use

Rotary switch with durable spring-loaded mechanism and solid screw contacts for surface mounting. The housing and handle are made of Duroplast. Here in the version as an intermediate switch. An intermediate switch is necessary if a lamp is to be switched from more than two places. 2-way switches are used to switch a lamp from up to two places.

Brand THPG
Output voltage 250V
Rated current 10mA
Protection class IP20
Length 53.0mm
Diameter 62.0mm
Casing colour white
Casing material duroplast
Work environment indoor use

Rotary switch with durable spring-loaded mechanism and solid screw contacts for surface mounting. The housing and handle are made of Duroplast. Here in the version as a series switch. With a series switch, two lights can be switched on and off separately and together. There are four switch positions: Off, A on, A and B on, B on. These are each switched by a quarter turn. Note: A base plate is essential when mounting to easily inflammable or uneven surfaces.

Switch THPG Porcelain rocker button white IP20

Rocker button for the switch system
Porcelain white with solid screw
contacts. The central insert is made of
transparent glazed porcelain, the
rocker is made of colour-matched
Duroplast and the base body is made
of steatite, a proven ceramic material.
Rocker buttons are particularly
suitable for operating bells and door
openers, and in conjunction with a
relay, they can also be used for
stairwell lighting. Rocker buttons with
corresponding symbols on the rocker
are also available, as are luminescent
models. - Porcelain central insert,
colour-matched Duroplast rocker,
steatite base - 10 A, AC 250V - Rated
power of the SBL circuit up to 10A =
max. 100W

Casing material duroplast
Work environment indoor use

From a historical perspective, toggle and rocker switches are the direct 'successors' to the tried and tested rotary switches. They have a simpler design and are particularly easy to operate - even with your elbow if necessary when your hands are full. Our models stand out from today's conventional 'surface switches' with their oversized rockers thanks to their attractive proportions, classic materials and durable switching mechanism. Our switches are also characterised by tried-and-tested screw contacts and a steatite base body.

Switch THPG Rotary switch 2-way moisture-proof Bakeliit black IP20

Product code 22645

Brand THPG
Protection class IP20
Casing colour black
Casing material bakelite
Work environment indoor / outdoor
use

Textile cable for standardized installation on plaster. Black. Textile-sheathed, halogen-free NHXMH cable (5 x 1.5 mm²). Suitable for both indoor and wet areas. Textile and plastic sheaths are made of flame-retardant materials.

Switch THPG Rotary switch 2-way moisture-proof Bakeliit black IP44

Product code 22640

Brand THPG
Protection class IP44
Height 116.0mm
Width 96.0mm
Length 65.0mm
Weight 220 g
Casing colour black
Casing material bakelite
Work environment indoor / outdoor
use

For vertical layouts with outlet and rotary switch. Two-part case and locking bolt made of Bakelite with a single lateral input; two lateral screw attachments facilitate wall mounting. For mounting: The housing of the damp-proof series consists of two parts. The base assembly is mounted on the wall and the cables are routed through the cable entries and sealed tightly. The inner parts are mounted and wired into the base group and then the upper parts of the housing are put on and screwed. The switches and sockets are completely enclosed by the two housing parts and protected from moisture. With spring clips. Cable mounted on wall surface.
