

Plafoon Trio Lighting Camillus must 230V 22W 2700lm IP44 switch dimmer 830

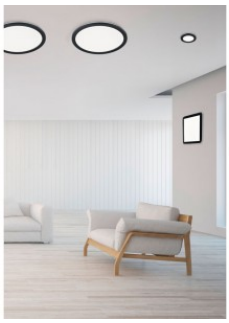

Tootekood 22354

The CAMILLUS ceiling light can set the perfect scene in your living area, as the luminaire impresses with a mix of modernity and straight lines. The timeless look and flat design open up numerous application and design options. In addition to placement in the hallway or living room, the CAMILLUS is also ideal for installation in the bathroom thanks to its IP44 protection rating. The integrated SWITCH dimmer can also be used to select three different brightness levels using a conventional light switch. By graduating the light intensity from 100% to 50% and 25%, the luminaire can be adapted to different requirements. The light has a diameter of 44 cm and a height of just 3 cm. Thanks to the classic colour design in matt black and the white acrylic, the light can be combined with many furnishing styles. In addition, the luminaires feature modern LED technology, which stands for a high quality of light. LED light sources are characterized by a long service life and low heat generation.
