Rippvalgusti Nova Luce Nevoso 50 valge 230V E27 IP20

Tootekood 23697

The Nevoso suspension light combines opal glass and metal for a refined, modern aesthetic suitable for indoor environments. Designed for ceiling surface mounting, it features a 50 cm diameter and 130 cm height, providing elegant illumination with a single E27 bulb. This fixture is ideal for decorative lighting applications, offering a clean white finish that complements various interior styles. Its robust construction ensures durability, while the non-dimmable design maintains consistent light output. The light source is not included, allowing customization with preferred bulbs. With an IP20 rating, it is intended for indoor use, adding a sophisticated touch to residential or commercial spaces.
